Dedication

Joseph Sabiiti (Child Sponsorship)

Its hard to believe.... At about 8:30 pm, 10 miles away after Loro trading centre towards Lira town (northern Uganda) our bus driver lost control after overtaking a speeding trailer heading to Kampala. The bus entered into a thicket, passing through people's houses, swinging left and right over very rough ground. (it was amazing it didn't roll over).

Ten minutes later, not sure who was driving, but the bus sped off joining the main road, headed to Lira town leaving most of the passengers stranded!

The villagers started looking for the driver and they mistook some of us instead who did not understand the language for being either the bus driver or conductor.
In that confusion, they started slapping us (mob justice), I received good heavy slaps and kicking around my head and face.
Thank God that I did not lose any property though many passengers did. Some jumped out of the bus with bruises/bleeding heavily.
Some good Samaritan put us behind his pickup truck and took us to the bus park where I recovered all my belongings.
I am just from the clinic as I have pain around my left jaw, left eye and nose.
I hope to get better soon as I am on treatment.
I will carry on with the assignment of paying sponsorship school fees - No worries!
This is my ministry.
Please keep praying for me.
Joseph.
